

CROSSTALK

The Official Newsletter of the International Pipe Inspectors

Season's Greetings

At this joyous time of year, our Board of Directors and Staff are grateful for our association with you. We thank you, our members and colleagues for your support in hosting our courses and with equipment loans and tours of your operation facilities for our students.

We wish you abundance, happiness, and peace in this coming new year.

Morgan Howell & Mike Dye

New Tech Systems Welcomes Morgan Howell & Mike Dye

New Tech Systems is pleased to introduce Mike Dye as the company's new Comptroller. Mike joins Morgan Howell, (General Manager) as the executive operations management team to ensure that New Tech's substantial annual growth continues into the future. Morgan celebrated his first anniversary with New Tech on December 1.

Season's Greetings from New Tech Systems

Everyone at New Tech Systems wishes you and your loved ones an enjoyable Holiday Season and a healthy, prosperous and peaceful 2008. We also want to take this opportunity to thank our customers, business associates and over 50 loyal employees for their support in 2007 and especially over the past 12 years.

Sincerely,

Pat Hanlon & Wayne Averitt

WellTech-EZ

Compact Rig Floor Tubing Inspection Head (Option)

We are proud to introduce this new product to our existing WellTech customers. The **WellTech-EZ** is an economical, simplified and compact rig floor tubing inspection head that will operate with any existing WellTech electronic system. This compact design is intended to compete with other systems on the market that put less emphasis on ability to detect small transverse flaws (i.e. pitting, cracks, etc) and are primarily "wall reduction detection systems". If your tubing customers are not concerned about detection of small 3-dimensional flaws and they consider wall thickness monitoring to be most important, then the **WellTech-EZ might be the answer!**

- Compact size and weight, can be lifted by hand
- Get on & off the well quickly
- No wipers or shoes to wear or change out
- Ultra-fast calibration
- 100% compatible with WellTech II, III or IV models
- Affordable price starting @ under US\$10,000.00
- Complete systems with electronics available
- Excellent New Tech Systems quality & technical support

Please contact the sales department at our new Midland, Texas headquarters for more information:
